

**National EPA Community Involvement Conference 2007**  
**Jacksonville Community Affairs Subcommittee Conference Call Agenda**

June 18<sup>th</sup>, 2007  
5:30pm- 6:30pm  
Jacksonville Main Public Library  
303 N. Laura Street  
Jacksonville, FL 32202

**Reflection Questions for the Small Group Dialogue:**

1. What Brownfields sites exist in our neighborhood and what do they consist of?  
(*ST Outcome #4*)
2. Assuming that money and political constraints are not an issue, what would we hope to see when those sites are cleaned up and redeveloped? For instance a park, a community center, businesses, a library, etc.
3. How might redevelopment contribute to an improved quality of life?  
(*ST Outcome #7*)
4. Do you know of any approach that has worked and which organizations or resources did they work with to get it done? (*ST Outcome and #2 and #6*)
5. What organization in the private and public sector do we need to involve and work together with? (i.e. developers, industry, City of Jacksonville, academic institutions, religious institutions, non-profit organizations, and other public and private sector organizations.) (*ST Outcome #3 and #5*)

**The last two questions focus on a strategy for Future Action and the Opportunity for Personal Commitment:**

6. Now, let's brainstorm possible next steps and approaches beyond this evening's forum. What might they be?
7. What is the significance of this evening's Forum for you personally? Are there action steps, if any, that you are *personally* willing to take to move this agenda (or related agendas) forward?
